

Brooks Applied Labs has some of the lowest detection limits commercially available to our clients and may be requested through our [Contact Us](#) page for your specific project.

Be sure to let us know what matrix type, industrial process / project goal, and method (if applicable) when you submit your request. If you have specific detection limits that you are trying to achieve, please include those.

You may also contact us by phone at (206) 632-6206 or email us at [info@brooksapplied.com](mailto:info@brooksapplied.com).
