Patrick Nye

TME Technical Prep Lead

Primary Responsibilities

As a Technical Prep Lead, Patrick's primary job responsibilities include ensuring proper initial and on-going training and cross training of group members, overseeing the batching and scheduling of sample preps, and ensuring timely and high quality sample preparation of all TME samples. In addition to this, Patrick's responsibilities include sample preparation, extractions, and digestions, sample reception, bottle order fulfillment, and some basic analytical work.
